## *Maitake D-Fraction®*

- **Maitake D-Fraction® is a dietary supplement to support immune system function.\***
- **Maitake D-Fraction®** is one of the most comprehensive immuno-stimulants available in the dietary supplement category.\* Taken daily, **Maitake D-Fraction®** may play a significant role in health by supporting the body's immune activity.\*
- **Maitake D-Fraction®** is a combination of Vitamin C, organic Maitake Mushroom Powder, and a trademarked brand of highly purified, standardized extract of Maitake mushroom called the PD-Fraction™ (professional strength) that yields 30% pure D-Fraction®.
- **Recommended for:**
  - Optimal immune system support.\*
  - Antioxidant protection.\*
  - Helping the body cope with stress and normalizing body functions.\*

### **Immune System Support:**

- Maitake D-Fraction® Extract is the only Maitake product that has been approved by the FDA for conducting phase 2 clinical studies as an investigational new drug (IND #54,589).\*
- There is no other product on the market that is more pure or potent than **Maitake D-Fraction®**.\*
- Maitake Mushroom has a high nutritional profile. It contains Beta 1,6 and 1,3 Glucans, which are polysaccharides that act as antioxidants and support immune system activation.\*

- Maitake PD-Fraction™ is a standardized extract of Maitake mushroom that yields the powerful D-Fraction®, which has been extensively researched for its immune system supporting properties.\*
- **Maitake D-Fraction®** is a concentrated source of Beta-1,6-Glucans that has been found to stimulate macrophages and T Killer cells functions and the release of interleukins and cytokines that activate immune cells, and maintain healthy cell growth within normal ranges.\*
- Vitamin C is a powerful antioxidant that supports the immune system and has been found to complement the effects of the Maitake Mushroom and D-Fraction®.\*
